Subject: Join Us for "An Evening with the Koalas" – Celebrate & Support Local Wildlife
Date: 8 October 2025 at 8:18 am

We're thrilled to invite you to a very special evening in support of our local wildlife: **"An Evening with the Koalas"**.

This event brings together wildlife lovers, conservationists, and community members to celebrate our iconic Australian animals and raise awareness for their protection. It's a chance to connect, learn, and contribute to the vital work of caring for koalas and other native species across the Darling Downs.

We will be screening 'The Koala's documentary, a powerful look at the threats and opportunities impacting Koala conservation.

After yesterday presenting our full recommendations to the Toowoomba Council for the planning scheme and a TLPI to protect trees we will also be presenting these details at the event.

Food, drinks and snacks will be available.

Event Details:

 Date: Friday 17th of October 6pm

 Location: 1a Heller St Rangeville at the Buru Dain Dan Eco Hut

Tickets: \$10 (kids under 12 free)

[Buy a \\$10 ticket here](#)

At the event we are also going to share some of our plans for animal and nature conservation coming up - we have some exciting things to share with you!

Seats are limited, so grab your ticket early to secure your place!

Let's come together to celebrate, learn, and protect our wildlife for future generations.

Regards,
Ahri and the Protect Trees Team,
